

Brew Indicator

Brew Button

3 Lift & Lower

Lift and lower the handle. **Do not insert a K-Cup® pod.** The brew indicator light will flash to indicate that the brewer is ready.

4 Cleansing Brew

Press the brew button. The brew indicator light will illuminate solid, then begin to pulse while the brewer is heating. After about 2 minutes, the brew indicator light will illuminate solid again and the water will begin to dispense. Pour the hot water into the sink.

The one-time setup process is now complete and you are ready to brew!

Brew Your First Cup

5 Fill & Place Mug

Add desired amount of water into a mug (6oz minimum, 12oz maximum). Lift the water reservoir lid and pour the water into the reservoir. Do not fill past the MAX or below the MIN fill lines. Lower the lid and place your mug on the drip tray.

6 Lift & Place Pod

Lift the handle. Place a K-Cup® pod in the K-Cup® pod holder. Lower the handle completely to close the lid. The brew indicator light will flash to indicate that the brewer is ready.

Do not remove the foil lid on the K-Cup® pod.

High Altitude Brewing: While holding the brewer handle up, push down slowly on the K-Cup® pod in the pod holder until the bottom of the K-Cup® pod is punctured by the exit needle.

STRONG

7 Brew & Enjoy!

Press the brew button - for bolder coffee, press the **STRONG** button before pressing the brew button. The brew indicator light will illuminate solid, then begin to pulse while the brewer is heating. After about 2 minutes, the brew indicator light will illuminate solid again and the beverage will begin to dispense. Brewing is complete when the brew indicator light is no longer illuminated. When complete, lift the handle and dispose of the used K-Cup® pod.

CAUTION: While brewing, there is a hot surface. Do not touch the K-Cup® pod holder. To avoid injury, do not lift the handle during the brew cycle.

Brewer Features

Strong Brew increases your coffee strength and intensity. For bolder coffee press the **STRONG** button.

Pod Storage holds 9 K-Cup® pods and fits in your brewer to save counter space.

Removable Water Reservoir for easy cleaning and filling.

Auto Off: Automatically turns your brewer off 90 seconds after the last brew for energy savings.

Cord Storage: Makes transporting your brewer convenient and keeps countertops tidy.

Travel Mug Friendly: Remove the drip tray to accommodate a travel mug.

Caring for your Brewer

Regular cleaning keeps your brewer running smoothly. Always be sure to turn off and unplug your brewer before cleaning. For detailed brewer cleaning and maintenance instructions, videos, and the full Use & Care Guide visit support.keurig.com. Beyond these recommended cleaning instructions, this brewer is not user-serviceable. For service, please refer to the Warranty included with your brewer.

Water Reservoir

The removable water reservoir should be

cleaned periodically with a damp, soapy, non-abrasive cloth. Rinse the reservoir thoroughly after cleaning. This will ensure that no cleaning solutions remain in the area as they may contaminate the water supply. Do not dry the inside of the water reservoir with a cloth as lint may remain.

Exit Needle

Remove the pod holder assembly and detach the funnel. Locate the exit needle on the inside bottom of the K-Cup® pod holder. Insert a straightened paper clip into the exit needle to loosen any coffee grounds.

Entrance Needle

Lift the brewer handle and locate the entrance needle on the underside of the lid. To clean both holes in the needle, hold the brewer handle in the upward position and with your other hand, carefully insert a straightened paper clip into both holes. Gently move it around to loosen any coffee grounds. Lower the handle completely and run two water-only brew cycles. Do not insert a K-Cup® pod.

CAUTION: There are sharp blades that puncture the K-Cup® pod above the K-Cup® pod holder and in the bottom of the K-Cup® pod holder. To avoid risk of injury, do not put your fingers in the K-Cup® pod holder.

Coffeehouse taste in your own home.
